

NATIONAL RECREATIONAL TRAILS FUNDING GRANT APPLICATION

99-CH-01

(DOT/SHA USE ONLY)

Applicant: Charles County Department of Parks and Recreation(State agency, city or municipal government)

Name of designated representative: John Smith, Director

Address: 1 E. Main Street LaPlata 206XX
(Street) (City) (Zip Code)

Phone: (301) XXX-XXX **Fax:** _____ **E-mail:** _____

Project Name: Mattawoman Creek Park Hiker-Biker Trail

Description of Project (Include Scope of Work, intended start date, project duration):

The Charles County Department of Parks and Recreation, implementing its 10 year long range plan for park development is proposing to plan and develop a 20 mile hiking and mountain bike trail at Mattawoman Creek Park. This site is located in a rapidly developing area of the county and recreational amenities are desperately needed. The proposed trail will include: two trail heads each with small gravel parking lots, two information stations for maps, trail condition updates, etc., and three trail loops that offer users a variety of trail lengths, difficulty and scenic and environmental features. The county will partner with the Southern Maryland Sierra Club Trail Group who will provide in-kind labor for planning, layout and construction. We intend to begin planning and design in September 1998 and construction will begin in early March 1999 with completion expected prior to Memorial Day (4/30/99).

Location of Project, i.e. address, nearest town, closest highway intersection, etc. (Please attach a vicinity map and site map): Mattawoman Creek Park is located on the east side of Wildcat Run Road, 1 mile south of MD. Rt. 111 in Indian Head, Maryland.

Project Sponsor, partner organizations and responsibilities:

Organization	Role/responsibility (Admin., labor, funding, etc.)
<u>Charles Co. Dept of Parks and Rec.</u>	<u>Administration, design, construction funding</u>
<u>So. Md. Sierra Club Trail Group</u>	<u>Planning, design, construction labor, maintenance</u>
_____	_____

Federal funds requested and specific use, i.e. purchase of gravel, contracting for equipment/labor, decking, etc. (please review funding limitations/constraints section of information sheet):

Total request: \$20,000

Itemization: Supplies Materials - Gravel - \$10,000
Plywood/lumber(kiosks) - \$1000

Federal Funds (Continued)

	Pressure treated lumber (foot bridges) - \$2500
	Plastic trail signs - \$500
	Culverts - \$1000
Equipment-	Rental of Bobcat loader - \$1500

Matching funds to be provided (federal funds must be matched dollar for dollar by in-kind services or non-federal cash contributions **utilized on implementing this project**):

Cash contribution: \$-0-

In-kind services:

Personnel (indicate activity, i.e. planning, design, construction, maintenance, etc., numbers of hours, wages and calculate total dollar value)

County staff involved in planning design: 50 hours x \$20/hr = \$1000

☆ ✕ construction/administration: 200 hours x \$20/hr = \$4000

Volunteer labor for construction: 1500 hrs x \$10/hr = \$15,000

Supplies/Materials (describe and calculate total dollar value of supplies/materials provide to project)

None

Equipment (describe type, how used and total dollar value)

Chainsaws for trail clearing: 100 hrs use x \$3.00 = \$300

Total Match Provided: \$20,300

AGENCY USE ONLY
